Interview. Blake, Meeting with Epstein.

Eliz: Did Mr. Epstein meet you as planned?

Blake: Yes, he did. We had a very nice lunch in San Francisco, then we went for a drive.

Eliz: Did you discuss business?

Blake: Yes, we did...a little. Mr. Epstein wanted to explain some of the details of the project... about their plans to build a new factory. And he wanted to learn more about our industrial robots. As you know, we wanted to sell our robots to Advanced Technologies, for use in their new factory.

Eliz: Did you discuss other topics?

Blake: Well, yes. He told me that the new factory was scheduled for completion in October. So this October deadline was very important. He was also concerned about aftersales service.

Eliz: Do you mean maintenance, repair, and so on?

Blake: That's right. They were concerned because our company is not based in the U.S. They wanted to be sure that we could provide good service in the United States.

Eliz: I see. Thank you very much for speaking with us.

Blake: Thank you.
